

Do You Have Toenail Fungus?

If you have brittle thick or discolored toenails you may have toenail fungus.

We are conducting a clinical trial using an investigational medication.

If you are between 18 and 70 years old and have at least one great toenail involved you may qualify to participate.

Office visits, lab test, exams and study medication are provided at no cost.

Compensation available for qualified participants.

For more information on how you might qualify please call:
